

NMEMC 2023

MAY 8–11, 2023 • HYATT REGENCY • JACKSONVILLE, FL

SUPPORT, EXHIBIT & ADVERTISING OPPORTUNITIES

Be part of this exceptional and expanding event linking regulatory and voluntary approaches as it connects carbon, biodiversity, water quality and quantity markets to the mitigation banking, ecological restoration and mitigation space.

The Conference is a “must attend event” for those involved in ecosystem banking and mitigation – policy, practice, science and emerging markets.

“I can’t thank you enough — I’m leaving with a business arrangement that never would have happened without this Conference...”

“Been sponsoring for 25 years and will continue, as the benefits to our company have been worth every penny.”

NATIONAL MITIGATION &
ENVIRONMENTAL MARKETS
CONFERENCE

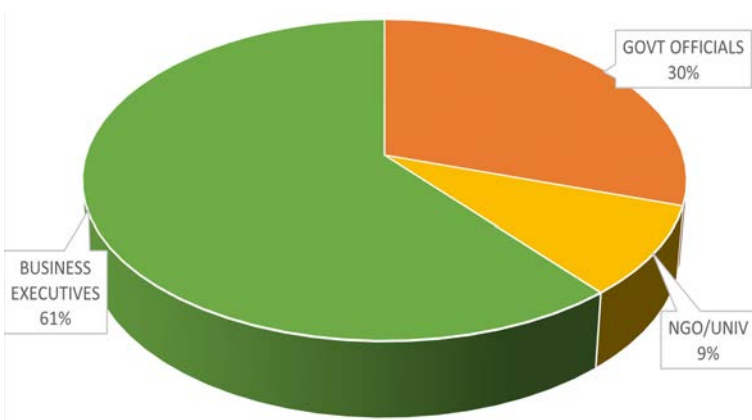

NMEMC 2023

MAY 8-11, 2023 • HYATT REGENCY • JACKSONVILLE, FL

GET LEADS • GAIN EXPOSURE • BUILD YOUR BRAND

NMEMC 2023 is expected to draw 700+ leaders across resource agencies, industries, impactors, mitigation and offset providers, and investors as it increases engagement between the mitigation banking, mitigation and ecological restoration market and carbon, water quality, quantity and other emerging environmental markets.

A powerful, independent and balanced platform that is the “must attend event” for those involved in mitigation, restoration and conservation of species, wetlands and streams, water quality, carbon and related environmental markets.

Reach key decisionmakers and leaders from business, government (local, state, federal), tribal communities, universities & nonprofits – further broken down by mitigation bankers, ecological restoration and offset providers, regulators and other resource agency professionals,

clients/impactors, consultants, engineers, scientists, farmers, ranchers and landowners, attorneys, appraisers, accountants, technology innovators, real estate brokers and developers, city planners, academia and other stakeholders.

VIRTUAL CONTINGENCY, CHANGE OF VENUE/DATE, CANCELLATION OF EVENT POLICY

It is understood that NMEMC provides continuous promotion of the event with significant exposure to supporters via marketing emails, online agenda, website recognition and social media from the early launch of the 2023 event marketing campaign, throughout the event and post event and that there is value to this promotion.

Should NMEMC 2023 move to a virtual only format – While all Supporters, Exhibitors and Ala Carte Marketing supporters will be provided virtual benefits that may include increased registrations and added exposure as determined by their selected level, **all who stay at the same level with full support** towards the continued success of NMEMC will be provided extra benefits including the opportunity to participate in a virtual package for all attendees should that be implemented.

For those who opt not to stay with full support if moved to virtual only, these options would be available:

Silver and above Supporters will have the option to downgrade one level at regular pricing with 100% of the difference (from what was paid or committed to less regular pricing of level downgraded to) put towards NMEMC 2024, or 80% of that difference refunded. **Blue Supporters will have the option to receive a \$1,250 credit** put towards NMEMC 2024, or 80% of that difference refunded.

Exhibitor or Ala Carte Marketing selections \$1,500 or less (with the exception of scholarship donations and match pledges which will remain in place), may choose to receive an 80% refund or 80% credit put towards 2024 if they do not wish to be upgraded to online engagement with opportunity to participate in a virtual package for attendees should that be implemented.

Should NMEMC move to another location or date, all selections would remain in place.

Should a complete cancellation occur (moving to a virtual format or to a new location is not a cancellation), you have the option of receiving an 80% refund or moving all or part of your support to NMEMC 2024.

We are sincerely grateful for all our supporters who help to make this event a success in continuing the dialogue and education critical to this industry!
